

# NOTRE DAME

Notre Dame College Swimming and Diving will be Swimming for Miracles on Saturday, January 30, 2010 at the Falcon's last home competition. The competition will be held against Malone University and Ursuline College. The meet will represent a dual celebration; celebrating the graduating seniors who will compete in the final home competition of their career and celebrating the spirit of community as the Falcons will put forth a large donation to benefit the Children's Miracle Network at Rainbow Babies & Children's Hospital. The Falcon swimmers and divers are determined to raise \$1,500 to support the cause.

The Children's Miracle Network is a nonprofit organization which has set out to generate funds and raise awareness through hospital partnership. All donations raised by Falcon Swimming & Diving will be sent directly to the Rainbow Babies & Children's Hospital located in Cleveland, OH. Through the Children's Miracle Network, funding is put towards payments of medical care, as well as research and education which help to improve the lives of more than 17million children every year.

In efforts to fundraise, Falcon Swimmers and Divers are selling CMN Balloon Icons and posting them to the Keller Center natatorium walls. Each balloon icon is \$1.00, the Falcons are reaching out to everyone to help support the cause. Every dollar donation will bring a miracle to the life of children and hope into the eyes of their family.

For more information about donating to the cause, call or email Head Falcon Coach, Michael Gallagher. [mgallagher@ndc.edu](mailto:mgallagher@ndc.edu) or 216-373-5418.
